

# Home School Celebration Book

Week Commencing 11.05.2020

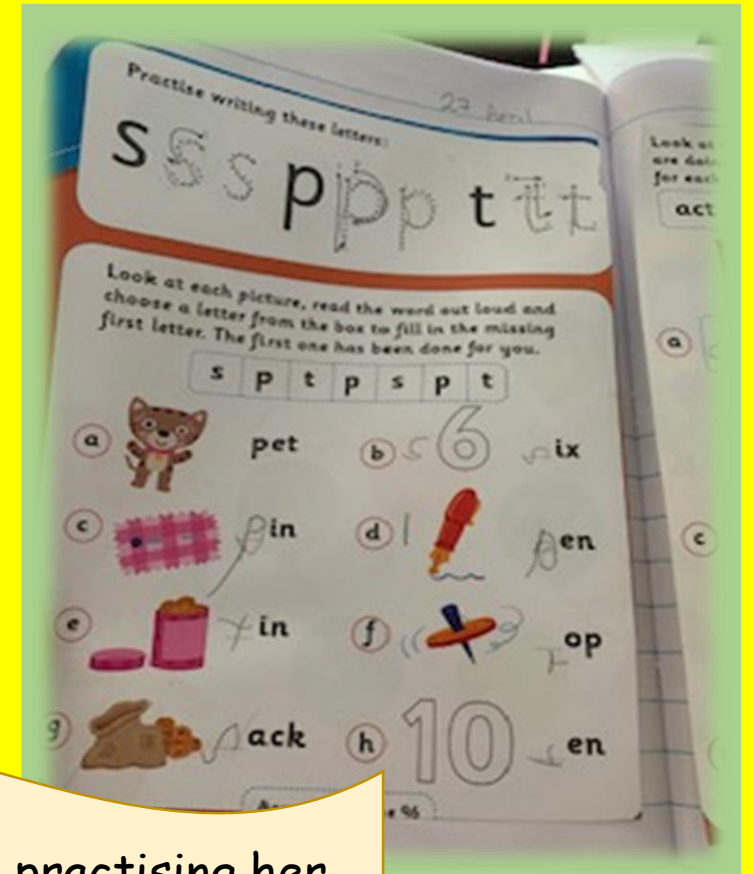

HOME  
LEARNING

# Class One

ABC

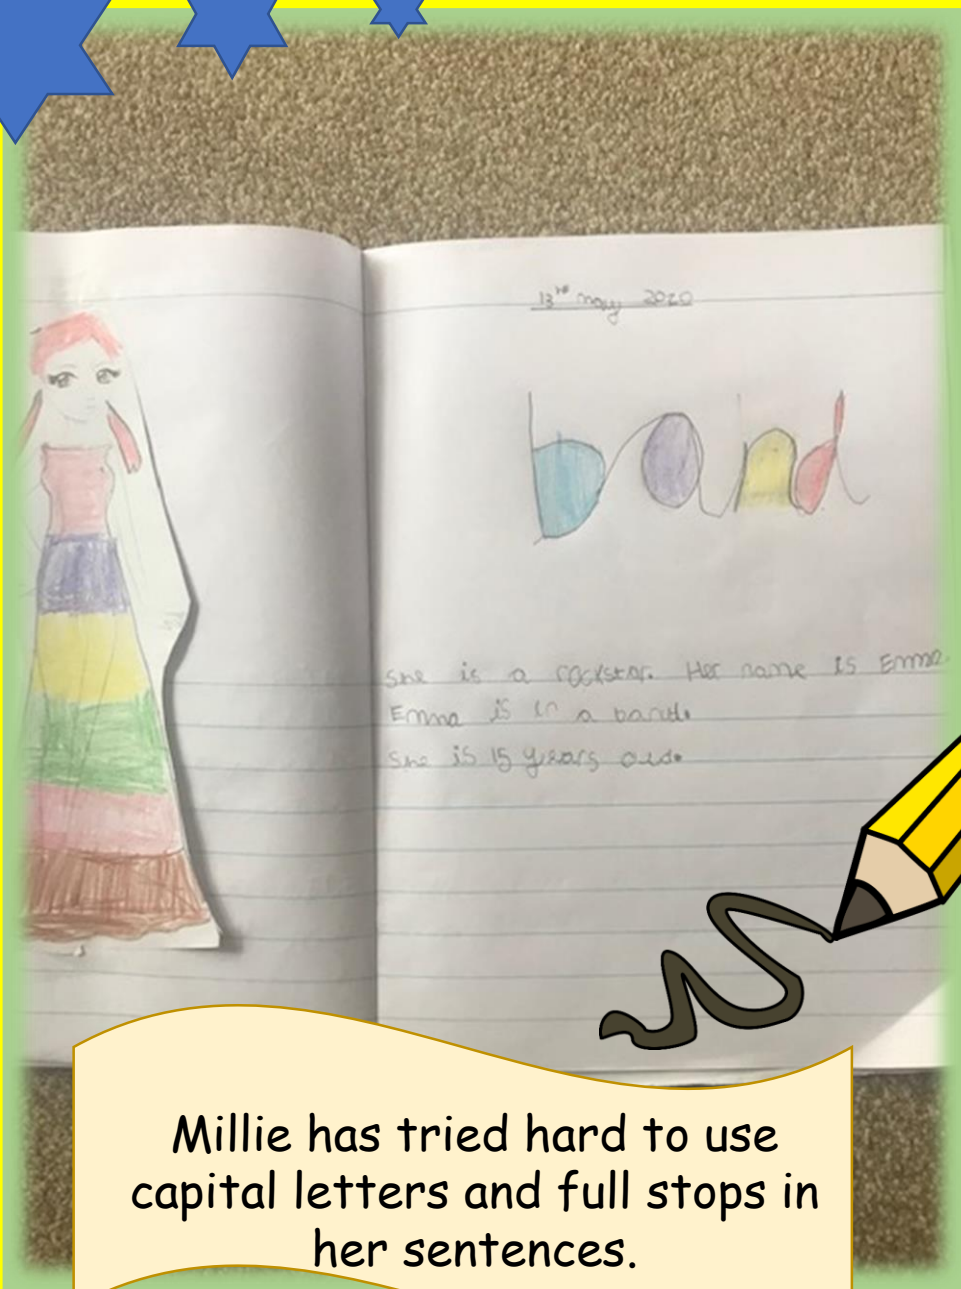

Ethan has used capital letters to build his name using lego.

Lydia has been practising her phonics.

Millie has tried hard to use capital letters and full stops in her sentences.

Wilf enjoyed finding out which objects float and which objects sink.

Rory and Benjamin created a junk model aqueduct in their garden.

Draw an Aqueduct

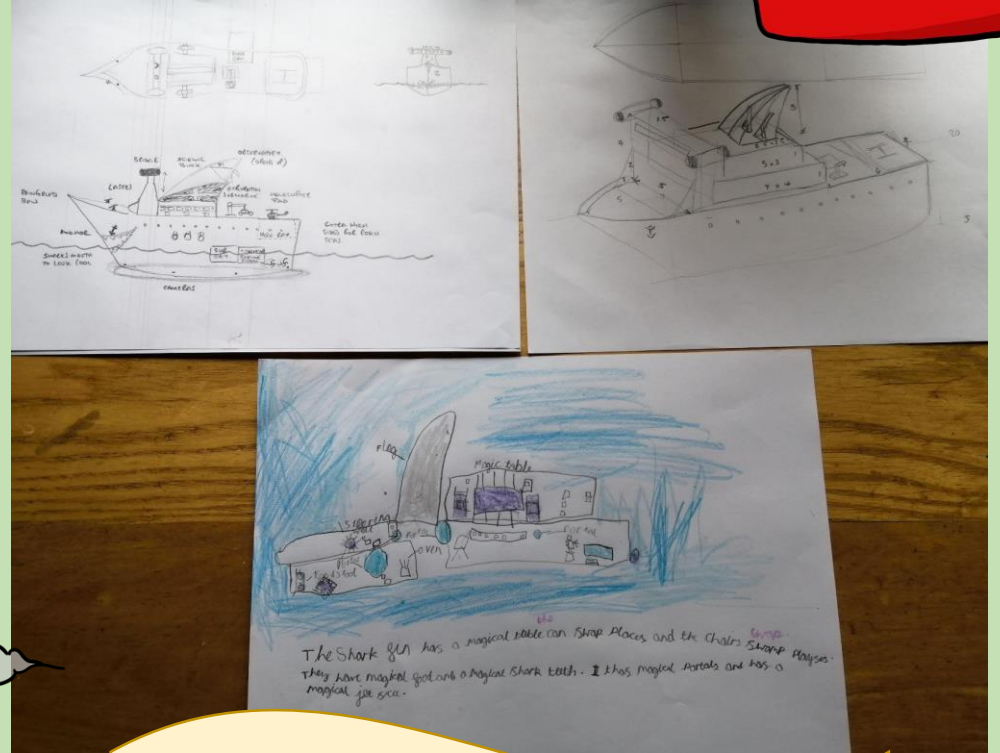

# Class Two

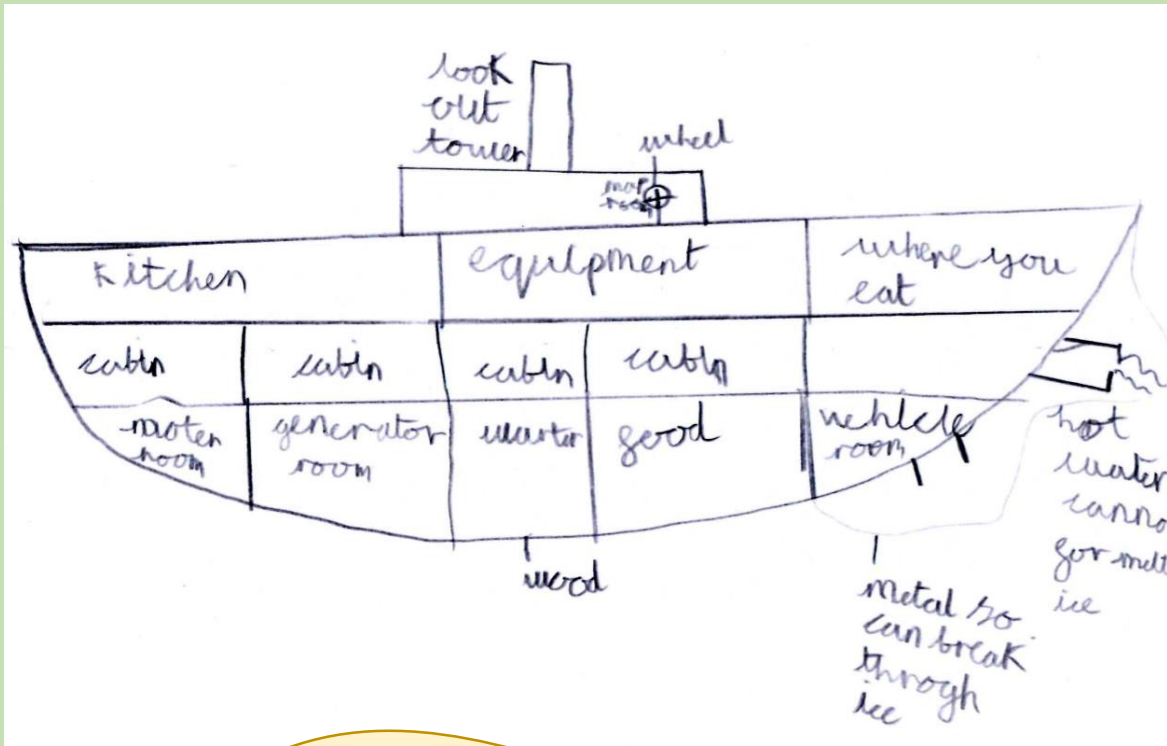

Arthur has created a junk model boat.

William has designed a fantastic ship.

Emily has designed a super boat. She has thought carefully about everything that is needed on board.

Benjamin has been answering questions about the poem.

15 may  
Today, me and my dog are going  
on a walk through the woods as  
normal we enjoy our daily walk  
it is usually a 2 mile walk  
but it is warm so we shall do  
a 4 mile walk. we enjoy it has  
tropical flowers so know me  
and my beared dog are on a  
journey to through the peace I'd  
smoothie surest me and my dog  
here this wood because I just got late  
Fats and theos. 11 later that day we  
stopped for a rest. Then we  
got up and carried on but we  
went the wrong way. we got lost  
in the forest this has never happened  
before. 1/4 mile later I had

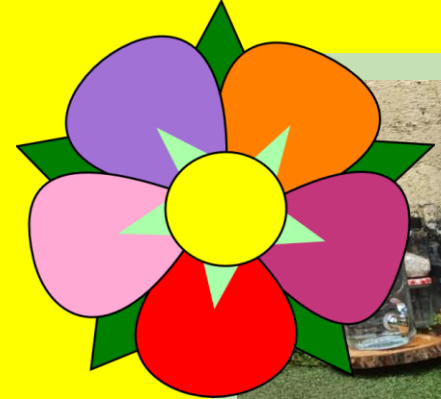

an idea of what to do,  
to solve the problem and that  
is to get my dog to bark  
for help so people come and  
help us to get back home. Keep up  
dog there is people coming.  
It is Tom and Charlie from  
the shop yesterday they  
are very nice people. They  
have come to help us yes I  
said home at last thank you  
so much chris and tom  
you have been a big help  
would you like to stay for  
tea. It is spaghetti bolognese  
with cheese it is the best we  
can do you see us today

Ricardo has written a super  
story about a visit to the forest.

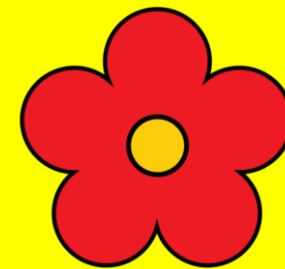

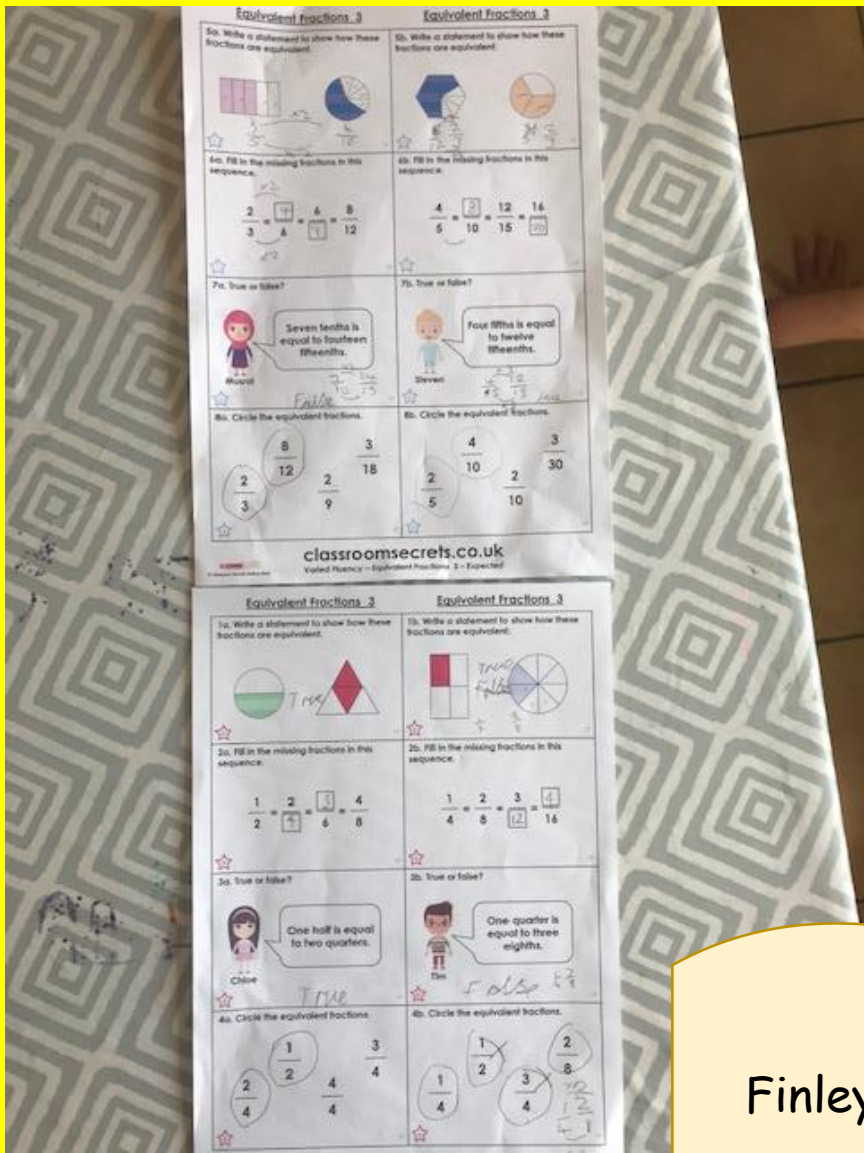

Harry has made a beautiful card using the flowers he has found in his garden.

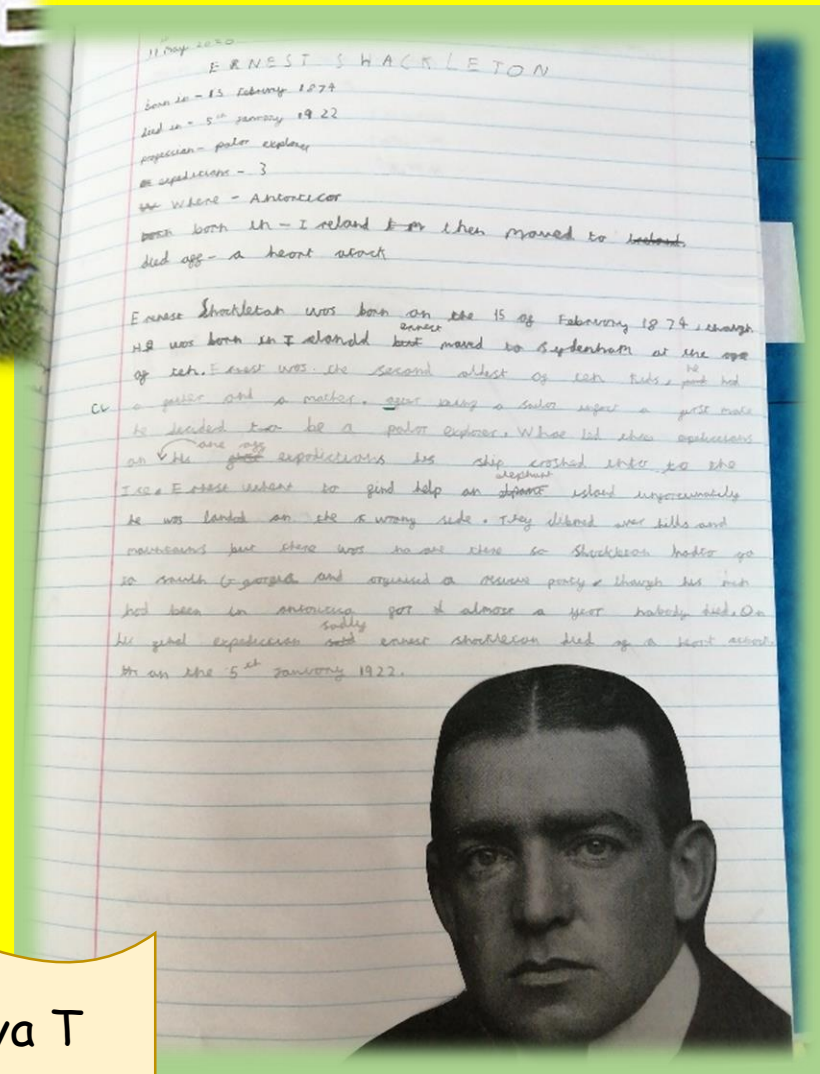

Scarlett has created a wonderful bug hotel.

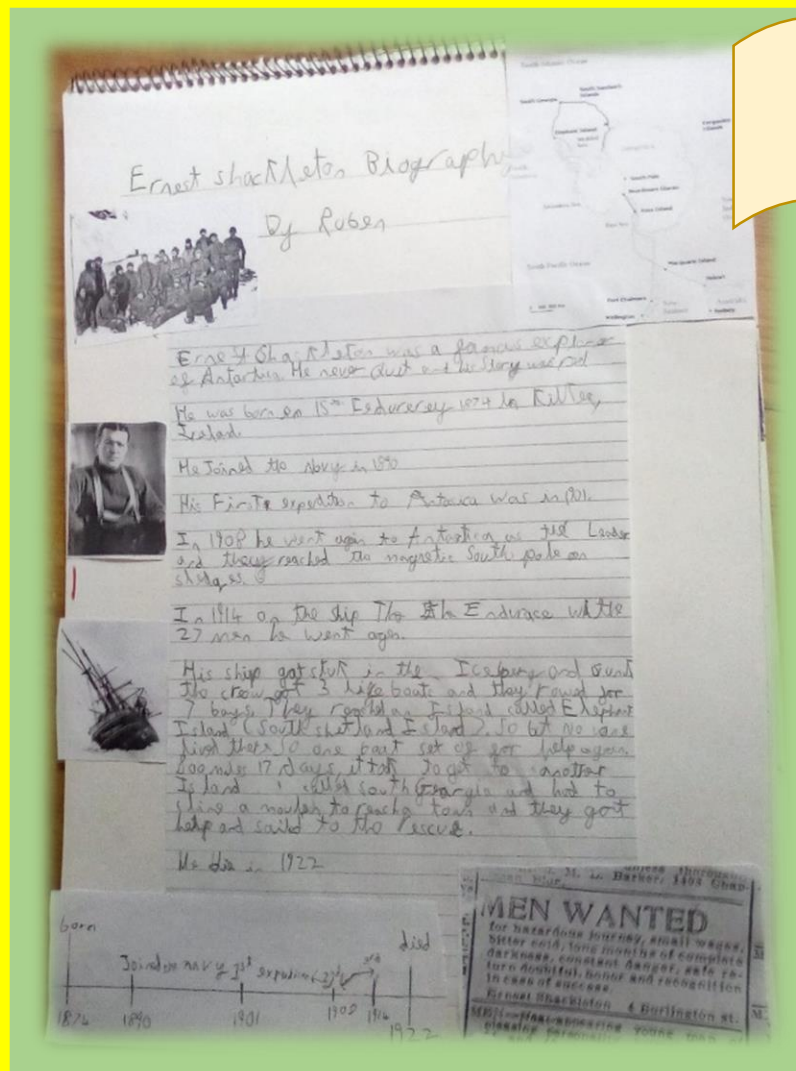

Finley's super fraction work.

Sadly Today the 5<sup>th</sup> January, 1922, Sir Ernest Shackleton died on his ship, Endurance, outside South Georgia. After his wife's request he was buried. He suffered from a heart attack. Some researchers say that he may have had a hole in his heart. In many expeditions beforehand he suffered breathlessness, heart murmurs and sometime collapsed.

Sir Ernest Shackleton was an Antarctic explorer best known for leading the Endurance expedition. In 1901 Sir Shackleton joined the Antarctic expedition led by British naval officer Robert Falcon Scott. Some say he was undoubtedly one of the greatest explorers of the 20<sup>th</sup> century. Many people were extremely sad that he died. To help remember this phenomenal person maybe we could have an explorers day to celebrate.

## POLAR EXPLORER DIES ON EXHIBITION

by Roxy

On January 5 1922

Ernest Shackleton

On the 5 January 1922, Ernest Shackleton had gone on his last trip. He died in Grytviken, South Georgia. When his wife received the news she was devastated. Emily Shackleton did not know what to think. She thought something so heartbreaking would happen to him.

We remember him Ernest Shackleton. He died on the 5<sup>th</sup> anniversary of his death. His 3 children: Raymond, Cecily and Edward, they took the news badly. Sadly, he died during a expedition but they thought it was because he had had a heart attack. Ernest Shackleton

him on his boat

him and his 3 children and his wife before he died.

was buried in the islands. His wife and children went on to live in Sussex. Everyone was devastated about what happened to him.

# Maths work based on perimeter by Poppy

## What is Perimeter?

The perimeter is the distance all the way around the outside of a 2D shape.

Thank you for sharing all  
your wonderful work.

We look forward to seeing  
all your work next week.
