

'God is love' [1 John 4:8](#)

The Bible describes love as being patient and kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self-seeking, it is not easily angered and love keeps no record of wrongs.

Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, and always perseveres. Love never fails" ([1 Corinthians 13:4-8a](#)).

This is God's description of love, and because God is love ([1 John 4:8](#)), this is what He is like.

For R.E this week, I would like you to write a paragraph about love and draw a picture to symbolise your love.

Use the questions below to help you write a paragraph about your love.

- What do you love? Why?
- How do you show love?
- What is unconditional love?
- How did God show his love for us? What did he have to sacrifice?

My picture of love.
