SATs Revision Guides

Dear Parents and Carers,

Welcome back to another full-filled academic year. It has been lovely getting to know your children for the last few weeks and I am thoroughly looking forward to working with them all this year.

As you are already aware, this year is very important in your child's education and we have a packed curriculum to learn before Easter. I have been very honest and clear with the children that they **must not** worry about the SATs, but to use them as a tool to show off how brilliant each and every one of them are.

I have given the children a SATs revision diary to begin writing down areas they feel they need to revise at home and to schedule no more than 10 minutes on a night(s) they are free to work on these. I am eager for the children to take ownership of this ready for the transition to high school. The idea is that if they revise at home, they make a note of this in their diary and team this with an adult signature.

I am also aware that some of our pupils have been talking about purchasing some study books in preparation for their KS2 assessments. As a school we would recommend study books and question books from the publisher CGP. These can be purchased from Amazon, The Works, WHSmith and from CGP online themselves. The study books provide pupils with a revision of topics that they have studied throughout Key Stage 2 and the question books, give pupils an opportunity to have a go at the topics that they have revised. The topics that the children will be tested on is: Maths (Arithmetic and Reasoning), English Reading and English Spelling Punctuation and Grammar.

I hope this helps and please do not hesitate to contact me if you have any questions/queries.

Many thanks,

Mrs C. Bould
Y6 Teacher.
