

Dear parents and carers,

Keeping Your Child Safe Online

As we prepare for a magical day next week, we know that Santa sometimes brings some children who are very lucky lots of wonderful electrical Christmas gifts such as Nintendo Switches, X-Box series X and S, PlayStation 5s (if he can get them!), iPads, mobile telephones, tablets, laptops and much more. Obviously, these pieces of amazing technology are fun and can also be used for education purposes - for example, TT Rockstars and accessing MS Teams.

We are sure that you agree, that once 'online' with their own device, it is essential your child is safe. Therefore, we wanted to share some e-safety advice.

Below are some weblinks to great websites, all designed to keep your child safe when online.

Simply by clicking on the links below you will be directed to specific information; or access the full website for lots of useful information.

Family activities around social media
