## Year 6's Adventurous Week!

### Stanley Head

On Monday 14<sup>th</sup> June, Year Six went to a place called Stanley Head. There we did rock climbing and canoeing. In order to canoe, we had to haul the boats to the jetty – this was extremely difficult. All that hard work paid off however, as we took to the water. Surprisingly, no one capsized but there was definitely a few wobbles! After we did canoeing, we got to swim in Stanley Pool (lake); the water was very warm! As well as Stanley Pool, we were able to use their humungous climbing wall to climb and abseil like James Bond. It was scary at first, but most of us were able to jump off without a care in the world. We had the best day ever!!

## **Stanley Head**

Outdoor Education Centre

Love to learn, love God, love one another.

## Forest School

On Wednesday 16<sup>th</sup> June, the class of Year 6 went to The Valley for forest school. One of the first things we did was become spider spies when we made a string spider web. Then we ran into the woods and made dens and fairy houses. We got to run through the forest like the wild kids we are! We did so welly-wanging, played a game of wink murder and hot potato. Overall everyone, including the teachers, had a fun and amazing time.

## Fun At St. Werburgh's

On Thursday 17<sup>th</sup> June, Year 6 had a fun activity-filled day. For a warm up, we played an interesting game of dodgeball. We did 6 hole tri- golf and competitive archery on the field. In the afternoon, we played with huge parachutes – it reminded us of when we were younger! After that, we made banana boats with marshmallows and chocolate. We whittled spears, made sparks, moulded clay creations, learnt circus tricks, roasted more marshmallows and even made dens. Everyone had an amazing time!

### Love One Another

To love is to be like Jesus.

*This is my commandment, Love one another as I have loved you.*

*(John 15:12)*

Love to learn, Love God, Love one another.

# Summer Advice!

- . Wear a cap/hat,
- . Wear Sun cream,
- . Drink lots of water,
- . Take shade breaks,

. Be careful when swimming in open water,

. Have fun!!
