

TMPF
Accessibility Plan
Great Wood Primary School
2025/26

Reviewed: January 2026

The Moorlands Primary Federation (TMPF) want all of our children to enjoy school, to be challenged to achieve their very best, and to consider their time at the school as their very own 'learning adventure'. We aim to treat all pupils fairly and with respect. This involves providing access and opportunities for all of our pupils.

TMPF Values: Trust; Mindful; Peace; Friendship.
--

Purpose of Plan

This plan shows how we intend, over time, to increase the accessibility of our schools for pupils, staff, parents/carers, Trustees and visitors who may have a disability.

Definition of disability (Equality Act 2010)

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities. (see TMPF SENDs Policy and SEN Code of Practice: 0 to 25 Years)

Aims:

- We aim to increase the extent to which pupils with a disability can participate in the curriculum (to the best of the Trust/School's ability).
- Improve the physical environment of the school/s to enable pupils with a disability to take better advantage of education, benefits, facilities and services provided (to the best of the Trust/School's ability).
- To improve the availability of accessible information to pupils with a disability (to the best of the Trust/School's ability, within a reasonable timeframe, and will take into account pupil's and parent's thoughts).

Legislation and Guidance

This document is designed to comply with the requirements of s10 of the Equality Act 2010 and relevant DfE guidance.

Contextual Information

The Moorlands Primary Federation (TMPF) comprises ten primary schools. Each school offers its own documentation towards the Accessibility Plan due to the specific needs of each location.

Equality Objectives

At The Moorlands Primary Federation (TMPF), we are committed to ensuring equality of opportunity for all pupils, staff, parents, carers and Trustees irrespective of race, gender, disability, belief, religion, sexual orientation, gender identity, age, mental health or socio-economic background. We aim to continually develop our lovely and warm culture of inclusion and diversity, as we believe, as a family of schools full of wonderful children, that this can enable those connected to the schools to feel proud of their identity and have the ability to participate fully in school life. We tackle discrimination through the positive promotion of equality, by challenging bullying, challenging misconceptions and challenging stereotypes. We believe that this will enable us to create and nurture an environment which promotes love for one another. At TMPF, we believe that diversity is a strength. If we were all the same, our lives would not be as rich. The differences in British society and our community should be respected and celebrated by all those who learn with us, teach with us, support us and visit us.

School Context

Great Wood Primary School is located in Upper Tean. The main building of the school operates over one floor. The main section of the building contains several classrooms, a school hall/ dining room, kitchen, offices and toilets. Disabled access into the main building is good with large doors and ramps. The school has a modified toilet for disabled usage.

All classrooms have touchscreens; the school has access to broadband throughout the building.

As of Spring 2026, there are no wheelchair-dependent pupils; and one college trainee who uses a wheelchair.

Current Range of known disabilities

All our schools have children with a range of disabilities to include moderate and specific learning disabilities/ difficulties.

Increasing access for pupils with a disability to the school curriculum

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability classes, which are either single or mixed-age year groups.

Inclusive classes

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age-relevant after school clubs, leisure and cultural activities and educational visits. Numbers attending sessions may be limited for a variety of reasons. These could include (but are not limited to) the event that after-school clubs/ classes are over-subscribed; or in the event that numbers for participation in team/ group events are limited and are lower than the number of children wishing to participate, or if child had breached school rules when deprivation of club attendance may be used as a suitable short-term sanction and to ensure the safety of others.

Information about TMPF and each school is published on the website. The website carries a notice that any information published thereon is also available from the relevant school in a printed format.

Aim: Improve the physical environment of the school/s to enable pupils with a disability to take better advantage of education, benefits, facilities and services provided

(to the best of the Trust/School's ability).

Location	Target	Strategies	Time-scale	Responsibility	Success criteria
All schools	The school is aware of the access needs of disabled pupils, staff, Trustees, trainees, parents/ carers and visitors.
