Increase access to the curriculum for pupils with a disability	Our school offers a differentiated curriculum for all pupils. All children take part in all activities with adaptations. We use resources tailored to the needs of pupils who require support to access the curriculum. Individual I-pads are used to adapt curriculum materials for pupils. Targets are set effectively and are appropriate for pupils with additional needs. The curriculum is reviewed to ensure it meets the needs of all pupils.	To make further adaptations to increase the accessibility of the curriculum for learners with disabilities and SEN.	- Widen the number of curriculum resources which include examples of people with disabilities. - Disability awareness training for all staff. - Use of a range of apps on I-pads to meet the needs of individuals to be used in school and at home. - Ensure all families have access to wifi for the above and provide support if not.	All teaching staff	July 2025	SEND pupils will regularly use I-pad apps to support their learning across the curriculum at school and at home. All staff will be trained in approaches to use to support SEND pupils. There will be a range of resources in school which provide examples of people with disabilities. Staff will use these within teaching and learning.
Improve and maintain access to the physical environment	The environment is adapted to the needs of pupils as required. This includes: - Building all on one floor - Corridor width - Fully accessible toilets and changing facilities - Library shelves at wheelchair-accessible height - Accessible playground - Furniture is positioned appropriately.	To improve the accessibility of the external school environment.	- Disabled parking bays on car park - Automatic opening front door to school. - Ramp up to school field.
